

LAX 60 G CROSS LINE LASER

**SUPER HANDY. SUPER VISIBLE. SUPER PRICE.
THE PRACTICAL ASSISTANT FOR MARKING AND ALIGNMENT.**

The STABILA LAX 60 G produces an exceptional, impressive line quality thanks to GREENBEAM technology. The bright, razor-sharp laser lines enable precise work even in daylight – with a measuring range of up to 30 m. The compact laser is ready for use immediately and ensures maximum efficiency during marking and alignment work with its long battery life. In manual mode, lines can be flexibly positioned at any angle, while in pulse mode you extend the working area with an optional receiver. STABILA – reliable, high-quality, made for professionals.
